Literature & Literacy

Literature is any body of written works and typically refers to writing considered to be an art form or any single writing deemed to have artistic or intellectual value, often due to deploying language in ways that differ from ordinary usage.

- Book: Writing the Nation - A Concise Introduction to American Literature 1865 to Present (Berke, Bleil and Cofer)
- Book: Literature, the Humanities, and Humanity (Steinberg)
Book: Writing and Literature - Composition as Inquiry, Learning, Thinking, & Communication (Bennett)

- Book: English Literature - Victorians and Moderns (Sexton)

- Book: A Rhetoric of Literate Action - Literate Action I (Bazerman)

- Book: A Theory of Literate Action - Literate Action II (Bazerman)
• Book: Compact Anthology of World Literature (Getty and Kwon)

• Book: Creating Literary Analysis
